

## SERIES R13112

• Round Power Rocker Switches

## AGENCY APPROVALS

## CHARACTERISTICS

- Miniature 19 mm Round Hole
- Snap-in Mounting
- Waterproof Cover (optional)

## MATERIALS

**Housing:** Nylon  
**Rocker:** PC or Nylon  
**Contacts:** Silver Plated Brass

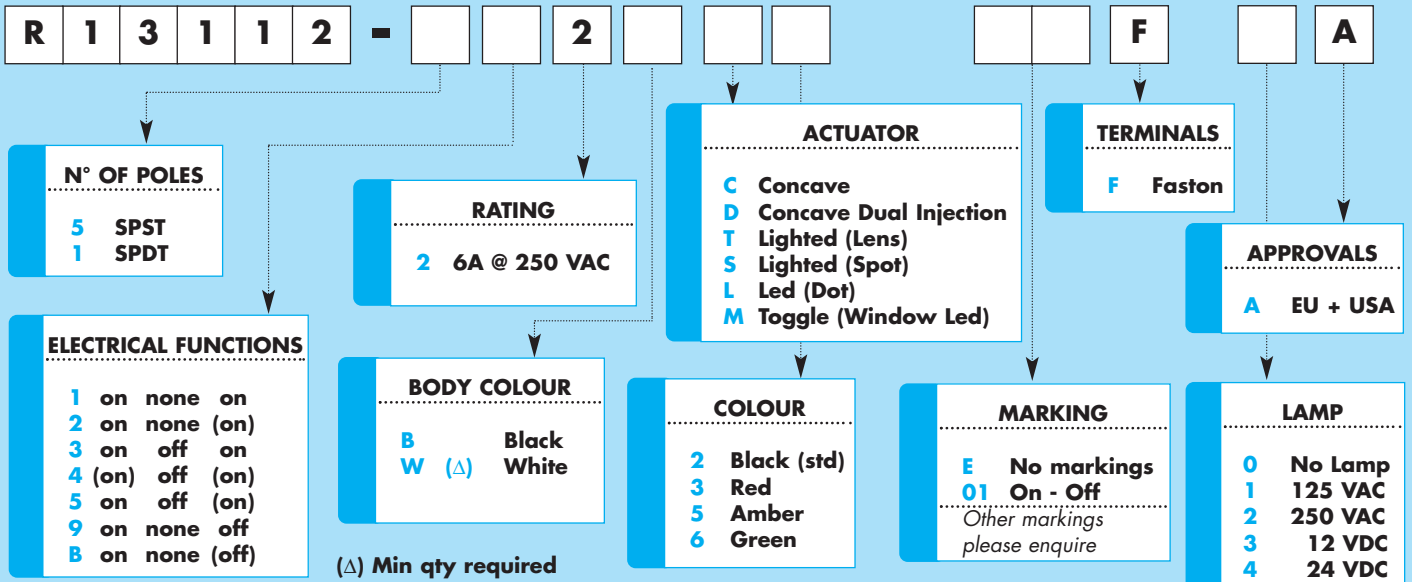

## SPECIFICATIONS

**Contact Resistance:** <50 mohm  
**Insulation Resistance:** 10<sup>8</sup> Ohms min (1500 Volts across open contacts)  
**Electric Life:** 10.000 make & brake cycles @ full load  
**Mechanical Life:** 30.000 make & brake cycles

## TEST SPECIFICATIONS

**High Volt Resistance:** >1500 Volts for 1 Min  
**Ambient temperature:** Terminal side -20, +85°C, Actuating side -20, +55°C  
**Storage temperature:** -30, +80°C  
**Humidity:** Max 85°C  
**Flammability:** UL94 V-2
