

SERIES R13135

- Round Power Rocker Switches

AGENCY APPROVALS

CHARACTERISTICS

- Miniature 19 mm Round Hole
- Snap-in Mounting
- Waterproof Cover (optional)

MATERIALS

Housing: Nylon
Rocker: PC or Nylon
Contacts: Silver Plated Brass

SPECIFICATIONS

Contact Resistance: <50 mohm
Insulation Resistance: 10⁹ Ohms min (1500 Volts across open contacts)
Electric Life: 10.000 make & brake cycles @ full load
Mechanical Life: 30.000 make & brake cycles

TEST SPECIFICATIONS

High Volt Resistance: >1500 Volts for 1 Min
Ambient temperature: Terminal side -20, +85°C, Actuating side -20, +55°C
Storage temperature: -30, +80°C
Humidity: Max 85°C
Flammability: UL94 V-2

HOW TO ORDER
